

WHISPERWOODS POOL RULES

Please review the rules and make sure your children, especially teenagers, are familiar with them and that your children are following them. These rules are designed to keep all residents safe and comfortable and to prevent vandalism.

We emphasize that only homeowners and residents whose association dues are current may use the pool. We also further emphasize the requirement for supervision of underage children by adult residents with a pool card in their possession.

*There is no Lifeguard at the Whisperwoods Pool.
SWIM AT YOUR OWN RISK!*

- This pool is for use only by owners and residents of Whisperwoods Neighborhood who possess a valid pool entry card.
- ~~All guests, regardless of age, must be accompanied by an adult Whisperwoods homeowner with a valid pool entry card. Please courteously limit the number of guests to allow other residents to also use the pool. (See Covid-19 Addendum, Next Page)~~
- No child under the age of 14 is allowed inside the pool fence unless that child is accompanied by an adult homeowner or resident with a valid pool entry card.
- Swimsuits must be worn at all times in the pool. Cut off pants or regular shorts are not permitted in the pool.
- Diving, running and horseplay are not allowed.
- Alcoholic beverages, controlled substances and smoking are not permitted inside the pool fence.
- No glass containers or drinking glasses of any kind are permitted inside the pool fence.
- No bicycles, skateboards or skates are permitted inside the pool fence.
- No pets are allowed inside the pool fence.
- Music and gaming sounds must not disturb others at the pool or neighboring properties.
- All users of the sun umbrellas will close them before they leave the pool.
- Throw trash away and pick up all personal belongings when leaving the pool. The Whisperwoods Homeowners Assoc. is not responsible for lost or stolen items.
- Regular pool hours are from Dawn to Dusk. No one is allowed inside the pool fence after dark.
- During the 2020 swimming season (June 13 due to Covid-19 – Last Saturday in September) an Adults Only swim period has been established. Each Saturday between the hours of 7pm and 9pm, the pool may be used only by those persons of age 21 and older.

WHISPERWOODS COVID-19 ADDENDUM

THE WHISPERWOODS POOL SEASON FOR 2020 WILL BE FROM 8AM JUNE 13, 2020 UNTIL 9PM SEPTEMBER 27, 2020.

The Centers for Disease Control and Prevention have determined that there is no evidence that the virus that causes COVID-19 can be spread to people through the water in swimming pools. In consultation with its property manager, counsel, and other advisors, the Whisperwoods Homeowners Association (WWHOA) has adopted the following additional Rules for the use of the pool during the outbreak. These additional Rules will be in effect until further notice from the Association.

1. Owners and residents should avoid the pool area if they have a cough, fever, or other symptoms of COVID-19, or if they have been exposed to someone who has COVID-19.
2. Regular pool hours are 8AM to 9PM. The first hour is reserved for owners and residents over the age of 55, pregnant women, and owners and residents with compromised immune systems. No others may use the pool during the first hour.
3. Only owners and residents of WWHOA may use the pool. No guests are permitted.
4. All owners and residents using the pool must be in groups of fewer than ten (10) people, whether in or out of the pool. All such groups of fewer than ten (10) owners and residents must maintain at least six (6) feet of separation from other groups, whether in or out of the pool.
5. When out of the water, all owners and residents inside the pool area should wear a face mask or other face covering, unless they are under the age of two (2), have trouble breathing, or are unable to remove a face covering without assistance.
6. Pool users should wash their hands frequently, cover coughs and sneezes, and properly dispose of tissues.
7. Sharing equipment among non-family members is not permitted (this includes, for example, fins, snorkels, kickboards, goggles, water weights, and pull buoys).
8. Swimming lessons and other classes are not permitted.
9. Pool furniture must remain spaced to accommodate social distancing. Please do not move furniture.
10. Owners and residents are responsible for cleaning all chairs, tables, lounges, and other pool furniture after each use. Owners and residents are advised that the Whisperwoods Homeowners Association is unable to provide cleaning, sanitizing, or lifeguard services for the pool and pool area. All owners and residents must make an informed decision whether or not to use the pool. Owners and residents use the pool at their own risk. The WWHOA relies on all owners and residents of Whisperwoods to follow these additional rules so that all owners and residents can use the pool safely.

How to Protect Yourself and Others

Know how it spreads

- There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19).
- **The best way to prevent illness is to avoid being exposed to this virus.**
- The virus is thought to spread mainly from person-to-person.
 - » Between people who are in close contact with one another (within about 6 feet).
 - » Through respiratory droplets produced when an infected person coughs, sneezes or talks.
 - » These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.
 - » Some recent studies have suggested that COVID-19 may be spread by people who are not showing symptoms.

Everyone should

Clean your hands often

- **Wash your hands** often with soap and water for at least 20 seconds especially after you have been in a public place, or after blowing your nose, coughing, or sneezing.
- If soap and water are not readily available, **use a hand sanitizer that contains at least 60% alcohol**. Cover all surfaces of your hands and rub them together until they feel dry.
- **Avoid touching your eyes, nose, and mouth** with unwashed hands.

Avoid close contact

- **Stay home if you are sick.**
- **Avoid close contact** with people who are sick.
- **Put distance between yourself and other people.**
 - » Remember that some people without symptoms may be able to spread virus.
 - » This is especially important for **people who are at higher risk of getting very sick**. www.cdc.gov/coronavirus/2019-ncov/need-extra-precautions/people-at-higher-risk.html

Cover your mouth and nose with a cloth face cover when around others

- **You could spread COVID-19 to others** even if you do not feel sick.
- **Everyone should wear a cloth face cover when they have to go out in public**, for example to the grocery store or to pick up other necessities.
 - » Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance.
- **The cloth face cover is meant to protect other people** in case you are infected.
- Do **NOT** use a facemask meant for a healthcare worker.
- Continue to **keep about 6 feet between yourself and others**. The cloth face cover is not a substitute for social distancing.

Cover coughs and sneezes

- **If you are in a private setting and do not have on your cloth face covering, remember to always cover your mouth and nose** with a tissue when you cough or sneeze or use the inside of your elbow.
- **Throw used tissues** in the trash.
- Immediately **wash your hands** with soap and water for at least 20 seconds. If soap and water are not readily available, clean your hands with a hand sanitizer that contains at least 60% alcohol.

Clean and disinfect

- **Clean AND disinfect frequently touched surfaces** daily. This includes tables, doorknobs, light switches, countertops, handles, desks, phones, keyboards, toilets, faucets, and sinks. www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/disinfecting-your-home.html
- **If surfaces are dirty, clean them:** Use detergent or soap and water prior to disinfection.
- **Then, use a household disinfectant.** You can see a list of [EPA-registered household disinfectants here](#).
